How to reset my voicemail pin. How to reset flow voicemail password. Voicemail passcode reset. How do i reset the password for my voicemail. How to reset your voicemail password. How to reset phone voicemail password. How to reset voicemail password on bell landline. How to reset home phone voicemail password.

To reset your AT&T Voicemail PIN, you have several options: Reset from Home Phone: Dial *98 from your home phone to access the voicemail menu. Enter your current PIN, press #, then follow the prompts to create a new one. Reset Online: Go to myAT&T account overview, select Voicemail, and choose Change PIN in General Preferences. Enter your new PIN and confirm it by re-entering it. Default PIN: Your voicemail PIN is based on the last 6 digits of your account number. It's recommended to change this even if you're not using voicemail. To reset or change your PIN, follow these steps: - From home phone: Dial *98, then press *, enter your current PIN and #. - From computer: Go to www.um.att.com, sign in with your Unified Messaging email address and password. Select Settings, then Change PIN for Telephone. Note: If you change your voicemail PIN, you also need to update your Voicemail Viewer PIN. If you're having issues resetting your PIN or have questions, contact AT&T Unified Messaging Customer Care at 888.300.6500. To set up and access your AT&T Voicemail box, visit [www.um.att.com]( ) for instructions. Alternatively, view the more detailed guide for AT&T Voicemail Services in PDF format (823KB). Setting Up Your Voicemail: 1. Using a phone connected to your AT&T Voicemail: * Dial *98 or use your Access Number. * Follow the prompts to set up your mailbox. 2. Using a phone not connected to your AT&T Voicemail: * Dial your Access Number and enter your Temporary PIN (your 10-digit phone number). * Follow the prompts to set up your mailbox. Accessing Your Voicemail: 1. From your home phone, dial *98. 2. If you're away from home, use your access number or dial your phone number followed by the * key when hearing the greeting. 3. Enter your PIN and follow the prompts. 4. Note: You may be asked to enter your PIN if you haven't set up a temporary PIN using your order confirmation booklet. Listening to Voicemail Messages: 1. Access voicemail. 2. Press 1 to get your messages. 3. For voice messages, press 1 again. Using Keys While Listening to Messages: * Action Key: Rewind (1), Pause (2), Fast forward (3), Slow down/replay (4), Date/time received (5), Speed up/forward/print fax (6), Delete (7), Reply (8), Save (9), Skip (#) * Return to main menu (*) You don't need to press 1 to listen if Autoplay is on. To turn AutoPlay on or off: 1. From the Main Menu, press 4 for Mailbox Settings. 2. Press 2 for Administrative Options. 3. Press 4 for Message Settings. 4. Select the type of message and follow the prompt to turn Autoplay on/off. Changing Mailbox Settings and Greetings: 1. Access voicemail from the Main Menu. 2. Press 4 for Mailbox Settings. 3. Press 3 for Greetings, then follow the prompts. Setting Up Sub-mailboxes: Sub-mailboxes allow others in your home to receive messages separately. Each sub-mailbox can have its own PIN, greeting, and settings. 1. Access voicemail. 2. From the Main Menu, press 4 for Mailbox Settings. 3. Press 2 for Administrative Options. 4. Press 5 for Group Mailbox. 5. Press 3 to create a new sub-mailbox. Getting Information about a Lost or Forgotten Passcode: * Your passcode is private and not shared with AT&T. * If you forget it, we'll reset your mailbox, but all messages will be lost. Please call us at 800.288.2020 for assistance. * To change your voicemail PIN or password, find the instructions to reset your voicemail passcode. Last updated: December 7, 2022
